EXPERIENCES

Napoli, Italy | Sep 2025 - Jun 2026

ARTE Program Apple Developer Academy @ UNINA

XR Designer Apprentice

During this research program, I work as a designer, developing concepts and projects for visionOS technology in collaboration with researchers of University Federico II, specifically in the field of robotics.

Napoli, Italy | Oct 2025 - Nov 2025

Mentor Foundation Program Apple Developer Academy @ UNINA

Mentor Design

During my time as a mentor for the students of the one month foundation program at University Federico II, I provided mentorship to a team during the development of their app to the push on the App Store.

London, United Kingdom | Jul 2024 - Aug 2024

KBM London

Web Designer Intern

During this summer internship, I developed my skills with HTML, CSS, JavaScript, while building several website pages for the company.

Napoli, Italy | May 2024 - Jun 2024

Hackathon InnovAction

App Designer - 3rd place winners

Developed Team working skills while creating a smart and innovative project for the city of Napoli, an app that helps people make environmental friendly choices. My role in the project was to create the design of our digital product, using Figma.

EDUCATION

Napoli, Italy | 2024 - 2025

Apple Developer Academy @ UNINA

An intensive program focused on app development, user centered design, CBL and marketing. It emphasizes creativity, collaboration, and problem solving. During my journey at the Apple Academy I developed several apps and video games as part of a team based projects.

Napoli, Italy | Jan 2024 - Feb 2024

Apple Foundation Program XV @ UNISOB

Learned the basics of Swift programming, UX/UI Design, and Figma.
Led a team in the development of an app, and enhanced my leadership and presentation skills. As the course obejctive, we developed an app to assist visually impaired individuals navigating public transportation systems.

Bachelor in Linguistics and New Technologies | Napoli, Italy | 2022 - 2026

Università Suor Orsola Benincasa

Studying a multidisciplinary program that bridges language (German and English), technology,
and communication. My studies include informatics, advertising,
AI fundamentals, and legal aspects of digital privacy.

Set Design | Napoli, Italy | 2018 - 2022

Liceo Artistico Statale di Napoli

During my high school journey, I developed skills in architectural and design software, scriptwriting, storytelling, and illustration.
